FAQ

How much are the cards?

\$60 plus taxes, shipping and handling.

How many cards are in the set?

75 cards per set.

How big are the cards?

About 4"x6", the size of a postcard.

Who are the cards for?

They are very user-friendly for professionals and caregivers, and are meant to be used interactively and flexibly with children. Depending on your setting, they can be used in multiple different ways.

Is there an age range?

They were created for kids in elementary school but are now used with teenagers to adolescents. Please consider the developmental age of the children in question.

Do you ship to other countries?

Yes, we ship internationally. **Please note:** if you live in the United States or Canada, you may purchase our Booster Cards through Amazon.

How do I order the cards?

If you are interested in purchasing the cards, please complete this online form. Once we receive the information on the form, we will provide you with an invoice and information for online payment. The cards will be delivered to you once payment has been received.

How much is it to ship the cards?

Once you complete the online form, our team will determine shipping costs specific to your location. This cost will be included in the electronic invoice our Finance department sends you.

Who can I contact for further questions?

Email: communications@pathwaystoprevention.ca
